

Are you concerned about your child's growth?

CHILD GROWTH FOUNDATION

The CGF is the UK's leading charity supporting children, adults and their families with growth conditions.

The CGF can help you to -

- Obtain a faster diagnosis
- Understand a diagnosis and the treatment
- Obtain up to date information and treatment
- Obtain support

The CGF provides an extensive parent support network.

The Foundation was founded over 25 years ago and has the following aims:

- *To provide information and support relating to growth conditions.*
- *Undertake and fund research into the understanding and treatment of these conditions.*
- *Raise awareness of growth conditions.*
- *Train health professionals in the measurement of children and the diagnosis of growth conditions.*

We can particularly help with

- **Growth Hormone Deficiency**
- **Turner Syndrome**
- **Intra Uterine Growth Retardation**
- **Russell Silver Syndrome**
- **Bone Dysplasias**
- **Premature Sexual Maturation**
- **Sotos Syndrome**
